  - Name your rose if possible
  - Leaves should be left on poor foliage is better than no foliage
  - Face rose exhibit toward the judge & secure stem with cork, wad of paper or polystyrene
- (1) A stem is an original new growth which carries one bloom OR one bud. Disbudding is allowed
  - (2) A cut is similar to a stem that carries more than one bloom and /or bud or buds
  - (3) A bud is the unexpanded stage of a rose flower with NO petals unfurling. In the bud to full bloom exhibit, colour must be showing
