PRESIDENTS REPORT 2019

2018 has been an eventful year as we have achieved several notable milestones in making the showgrounds more self-sufficient and repairing the main show hall (Vera's).

During the winter Vera's hall was underpinned and the two corners rebuilt. This made possible by a generous donation from Infigen, two private donors, the market proceeds organised by Trudy Mengersen and the auction held in September. The work was undertaken by the incredibly talented stonemason Plum Werchon who also was very generous in his quote for the above work.

Having the hall available for the show again was a huge bonus that was appreciated by everyone, hopefully we can now work on replacing the kitchen area as our next project. We were also very lucky to secure a work group who have painted the hall interior and exterior.

Throughout the year we have been working on approval for the RV Park at the showgrounds, this was granted in August with many thanks to Frank Brennan for all the work he undertook in the application and approval stages. It should be up and running shortly.

Other improvements include the erection of the lights we purchased from the MFNC and the removal of the sheep pens from under the shed adjacent to the cattle ring which will now be developed as an undercover seating area.

How good were the fireworks! We are so lucky to have Mr Fireworks, Robbie Balfour providing our firework display, I think the best in the SE. Many thanks Robbie.

Also, a huge thanks to the Wattle Range Council for mowing the grounds pre-show, they looked magnificent, also for their continued support throughout the year.

The gardens managed by Sue Vanderheul were another highlight with many patrons commenting on how nice the gardens are and the improvement they make to the atmosphere of the show.

A big thank you to the Keatley family for the improvements to the animal nursery which was a much talked about feature of the show.

The show was a great three days with most sections returning a profit. The attractions we secured were ok but probably need to look at this expenditure more closely in the future. The gate was slightly down on 2017 but we must remember we had Chris Sperou in 2017 which set a bench mark. A new attraction this year was the lawnmower racing and it hopefully will get bigger this year. The MotoX and Demo derby attracted their usual crowd of supporters and continue to be a big reason that our show is so popular. Overall it was a very successful show once again.

Many thanks to all the committee for their hard work throughout the year which makes the President's job much easier.

In closing it has been in my opinion a very successful year in the history of the showgrounds to have been president at the time we repaired and used Vera's Hall at the annual show for the first time in 15 years.

21ST YEAR OF **DEMOLITION DERBY** SATURDAY AFTER 3.15PM

Make sure you at the show to check out the 21st running of the Demo Derby.

Unique to the Millicent Show Jim & Joe Garner and a big team of dedicated car enthusiasts gather together to give the show supporters a wonderful time watching how these guys like to have fun destroying the four-cylinder cars they have built especially for this event. Standard road cars are stripped of glass and flammables then for their own safety roll cages are fitted. Drivers include both sexes, so no holding back in the action-packed destruction of the cars that takes place.

I accept and assume all such risks of personal injury or death in anyway whatsoever arising from these activities and hereby waive my individual right to sue the Suppliers for all claims I or my representatives may have for such personal injury or death against the Suppliers in regard to their negligence, breach of statutory duty or statutory guarantees arising from or in connection with these activities to the fullest extent permitted by law..

4 At the time of participating in the event, I have not been to any degree under the influence of alcohol or illicit drugs.

5 I will not consume any alcohol or illicit drugs while participating in the Event and agree that such use may result in my being excluded from the Event or other events with no entitlement to any refund of money paid for entry to the Suppliers.

A FEW HINTS FOR COOKING.

1. Read all instructions carefully
2. Display is important. Use medium size paper plates where there are several articles in a class
3. For larger cakes – cardboard cut slightly larger than the cake and covered with foil is quite satisfactory
4. Where there are several items in a class, look for uniformity both as to size and degree of cooking
5. A slice should be a slice (not a square) approx 2 – 2.5 x 7 – 6.5cm is a good size
6. In classes such as slices and sweets each pair should be identical
7. Avoid cake rack markings. Only use paper on base for fruit cakes, lighter cakes use melted butter and flour methods. **NO** cooking sprays
8. Iced cakes to be undecorated unless otherwise stated
9. **These tips would apply in both open and junior classes**
